Trish, the Fact Sheet is fine as written but at least 1 week late..... even if we got it out this week (a long shot) the information being passed in the Fact Sheet will be dated as all the additional sampling will be done by then. While sympathetic to your hard work, I recommend that we halt any further work on this Fact Sheet. I'm available to discuss as desired. Sorry and thanks, dennis.

Subject: draft fact sheet

Hi Rich, Jerry and Dennis,
This is the draft fact sheet that I'd like Ron to review and then feed up the food chain. Jerry, you have already looked at it and provided comments.
To review without the markups, go to Review on the toolbar and select roll down option Final.
